

GUNNAR STOLTZ

My goal is to pursue a highly rewarding career in graphic design. I am driven by and execute everything that I do with my creative problem solving skills, my attention to detail, and my work ethic. With my degree in graphic design, my internship experience with a graphic design firm, and my direct experience in leading a retail store as a sales lead, I would be able to contribute to a company right away and add value to a graphic design team.

JOB EXPERIENCE

Under Armour

Sales Lead

Eagan, Minnesota

April 2017-current

- Oversee sales floor activities; management responsibilities include being in charge of the floor, answering questions from customers and teammates, and problem solving issues when they arise.
- Help open and close the store by counting the registers, safe, deposit, documenting sales metrics, and incident reporting.
- Work in the visual team to move product around the store so that it is displayed best and maximize inventory constraints.

Peter Hill Design (now Eight Moon)

Summer intern

Minneapolis, Minnesota

Summer 2018

- Created and updated layouts, professional booklets, mail advertisements, and websites using brand style guides.
- Worked Individually and in collaboration with other designers and project managers as a team for client deliverables.
- Problem solved technical and design issues in a time efficient manner.
